Condition Assessment Audit & Building Safety Certificate of AMNS International School, AMNS Township, Hazira, Surat – 394 270

Prof A J Shah (Associate Professor) & his team from Department of Civil Engineering visited to AMNS International School, AMNS Township, Hazira, Surat – 394270 on dated 20/01/2025. The purpose of the visit is to review the condition assessment and stability of the building. During the site visit survey visual inspections were carried out and simple hammer tests conducted on the vertical load carrying elements (Columns). The building consists of RCC structure having Ground Plus one story. The building was constructed approximately 29 years before as per the information given by the concern school authority.

It is found that the condition of the school building structure is safe and stable for its intended use subject to following conditions.

- The undersigned SVNIT Team will not be responsible for any alteration in design, Extra construction on existing structure and changes in structural elements of the building.
- The present condition of the structure does not include any extreme man-made and natural calamities like severe flood, Earthquake & hurricane).

Regular maintenance and Condition Assessment must be carried out every two years.
